

## Hasmonean Multi-Academy Trust's Ethos, Vision and Values

Hasmonean's aim is to nurture students to become happy, confident and respectful adults committed to living a life of Torah im Derech Eretz<sup>1</sup>, ready to thrive in the wider world as proud members of klal Yisroel<sup>2</sup> with the Torah as their guide.

We help students to find their own personal connection with the Torah, to develop their ahavas Hashem<sup>3</sup> and yiras shamayim<sup>4</sup>, to follow the Halacha<sup>5</sup> and to be continually inspired to explore the Torah's rich depths. In this way they understand that living a religious Jewish life is both a privilege and an opportunity. They are also taught to respect those with different beliefs, identities and values to their own.

We aim to maximise each student's potential within a caring, inspirational and professional environment. Students' emotional well-being and intellectual fulfillment are at the heart of what we do. Our teachers are expected to deliver outstanding religious and secular education and a broad, enriched curriculum in which the values of chesed<sup>6</sup> and tzedokah<sup>7</sup> strongly feature.
